

LEE TEJONES

BS COMPUTER ENGINEERING

A motivated and responsible fresh graduate with a Bachelor of Science in Computer Engineering, seeking opportunities to apply my knowledge and skills in a professional work environment. I am a hardworking, adaptable, and fast learner with a strong interest in technology, administrative support, and continuous professional development. I am willing to take on new responsibilities, work effectively with others, and apply my technical, organizational, and problem-solving skills to contribute to the success of the organization while continuously developing my professional capabilities.

Cabadbaran City, Agusan del Norte

EDUCATION

Cabinet Elementary School
Salututorian
2010-2016

Cabadbaran City National High School
With Honors
2016-2022

Caraga State University - Cabadbaran Campus
Bachelor of Science in Computer Engineering
Cum Laude
2022-2026

RELEVANT COURSEWORK

- Website and Application Developer
- Programming and Software Development
- Microprocessors and Embedded Systems
- Database Management

ACHIEVEMENTS

2025 President, Institute of Computer Engineers of the Philippines – Student Edition (ICpEP-SE)

2024 V-President, Institute of Computer Engineers of the Philippines – Student Edition (ICpEP-SE)

2023 Auditor, College Local Student Government

WORK EXPERIENCES

Technical On-the-Job Trainee, RabScor | July-August 2025
Electronics Engineering Servives

- Assisted engineers and technical staff in daily operations and project implementation.
- Participated in technical documentation, testing, and equipment maintenance activities.
- Applied engineering principles in troubleshooting and system development tasks.

ACADEMIC PROJECT

AI-Driven Smart Pet Care System with Behavioral and Anomaly Detection Using Computer Vision and IoT
Thesis Project

Designed and developed an intelligent pet care system that integrates Computer Vision, Artificial Intelligence (AI), and Internet of Things (IoT) technologies to monitor pet behavior, automate feeding operations, and detect abnormal activities in real time.

SKILLS

- ★ Basic Networking
- ★ Research and Information Gathering
- ★ Programming
- ★ Problem Solving and Critical Thinking
- ★ Leadership and Team Management

CERTIFICATES

- ★ Introduction to Computer System Servicing
- ★ Installing and Configuring Computer Systems
- ★ Hazard Identification, Risk Assessment and Control, and Fire Safety.
